

# *Proven Performance*

With over 400  
conversion systems  
in the world,

**88%**

of all converted  
ends are made on  
Stolle equipment!

## *The #1 Choice of Canmakers*

The Stolle Tetrad, System H and now, the Stolle E06 continue to be the flagship conversion systems for canmakers around the world. Proven to reliably deliver quality ends day after day, year after year. That's productivity!

Why settle? Get the equipment that canmakers trust.
